not be advised to come here to undertake a course of study at Manchester unless they have reached in India a sufficient standard of education to ensure their exemption from the Matriculation examination of the Joint Board of the University. In the case of Indian students this standard is marked by a certificate of having passed the first examination in Arts, Science, or Medicine of an Indian University. The entrance examination of the College of Technology is intended to be an alternative test in the Matriculation Examination for students of mature age, who (it is thought) ought not to be required to pursue elementary studies in order to pass a school boy examination before entering upon their University course, and it is proposed to emphasize this aspect of the entrance examination in future by admitting to it only those candidates who have had at least twelve months' experience in work. So far as Indian students are concerned this condition will not be enforced until 1922.

Secretary, Indian Students' Advisory Committee.

SUPPLEMENT TO PART II

OF

THE FORT ST. GEORGE GAZETTE.

No. 44.]

MADRAS, TUESDAY EVENING, NOVEMBER 4, 1909.

[Price, 4 annas]

AUDIT ORDER OF THE MADRAS CENTRAL URBAN BANK, LIMITED, FOR THE YEAR ENDING 31st JUNE 1909.

The accounts of the Madras Central Urban Bank, Limited, No. 18, for the co-operative ending 30th June 1909, as audited by M & R T. Rajagopal Rao Aiyangar, Public Accountant and Auditor, are passed. Statements showing (1) Receipts and Disbursements, (2) Profit and Loss and (3) Assets and Liabilities as approved by the Registrar are appended to this order.

1. There were 74 societies as members at the beginning of the year under review. Only one society—the Salem District Urban Bank, Limited, joined during the year. The several societies have paid up amounts to Rs. 8,800. At the end of the year, the ordinary paid-up share capital from societies amounts to Rs. 21,500, the preference shares capital of Rs. 2,50,000 paid by individual members remaining unchanged.

2. The fixed deposits held by the Bank on the 30th June 1909 were Rs. 89,38,100 against Rs. 80,10,000 lakhs on 30th June 1908. The current deposits rose from Rs. 8 to 10 lakhs at the beginning of the year to Rs. 24 lakhs at its close. There was an increase also in the Prudential and Savings deposits held by the Bank. On the last day of the year, the Bank of Madras overdraft figure stood at Rs. 1,75 lakhs. The loans advanced to District Banks, primary societies and individual members amounted to Rs. 17,87 lakhs against Rs. 10,40 lakhs in the previous year.

3. In the previous year, the Bank had written off a sum of Rs. 45,000 as amount of the depreciation in the value of the 24 per cent Government promissory notes and now it proposes to write off a further sum of Rs. 8,125 from the profits of the year calculated at the market value on 30th June 1909. This is approved.

4. During the year, the Bank earned a net profit of Rs. 14,615-4-8 after deducting the sum of Rs. 6,125 proposed to be written off in paragraph 3 above. According to its bye-law 24, one-fourth of this amount or Rs. 3,653-8-5 shall be carried to reserve fund. It is suggested that this sum may be reserved either in the Bank of Madras or in the Government of India Loan & one per cent bond in the current year.
